

*Please amend and add your own cat's name etc.

FIP testing requirements:

Glasgow University's Vet Diagnostics Service is a world leading expert service in terms of their FIP expertise, their testing procedures and equipment, their clinical expert FIP staff and their turnaround times for results with accompanying comments and feedback re FIP specifically and also differential diagnoses etc.

They are the only supplier of a world class FIP diagnostic profile constructed by them based on many thousands of hours of research profiling FIP based on fifteen years' worth of data from the Veterinary Diagnostic Service's database:

<https://www.gla.ac.uk/schools/bohvm/vetdiagnostics/researchprojects/fip/>

Needs to have the full haematology and biochemistry panels tested: page 3 here:

<https://www.gla.ac.uk/schools/bohvm/vetdiagnostics/pricelist/>

at £36 and £19

and order form here:

https://www.gla.ac.uk/media/Media_865371_smxx.pdf

Also needs the Alpha-1-acid glycoprotein (AGP) tested: page 5 here:

<https://www.gla.ac.uk/schools/bohvm/vetdiagnostics/pricelist/>

at £17.50

and top of page 2 on order form here:

https://www.gla.ac.uk/media/Media_865372_smxx.pdf

As a baseline test that will be retested near the end of Bova UK FIP treatment (as is expected as stated by Professor Danielle Gunn Moore, FIP Expert in the December 26th 2022 ISFM FIP podcast.)

The costs for the Glasgow Tests are excluding VAT.

Experience proves there have been no markups added to these by individual Veterinary practices.

Only the usual appointment charge is made and a nominal charge for blood sampling.

GUVS supplies free postage and samples containers if required. Please see half way down the page here for details:

<https://www.gla.ac.uk/schools/bohvm/vetdiagnostics/submitasample/>

I hope you find this link to Dr Emi Barker's March 2022 FIP Webinar via Vet Times CPD helpful:

<https://cpd.vettimes.co.uk/cpd-plus/companion-animal/cpd-fip/fip-how-do-i-prove-it>

And this one from the UK FIP Advice Expert Vet team regarding using Bova UK's treatment from December 2021:

https://cpd.vettimes.co.uk/cpd-plus/article/241252/an-update-on-treatment-of-fip-in-the-uk?utm_source=CPD%20listings&utm_medium=Widget&utm_campaign=CPDlaunch

Thank you for agreeing to treat
with legal Bova UK FIP medication.
